

SINCE 1984

YOUR CHOICE,
OUR RESPONSIBILITY

CROWN pipes is Central India's #1 electrical conduit pipes brand. CROWN is known for providing consistent quality at an affordable pricing for all. In the last 30+ years, the company has mastered the art of manufacturing a complete range of premium quality electrical piping solutions. The company keeps researching and developing new products by constantly listening to the needs of the consumer. CROWN pipes started with a single product in 1989, and today comprises more than 400 products in its portfolio. With time, one thing has remained consistent for CROWN – The Quality of our Product.

TESTIMONIALS

CROWN is the most reliable brand I have worked with. Great quality products at fair prices. Whenever we deal in CROWN pipes with someone, they always come back asking for CROWN. CROWN commercial and ISI are both best selling items in our network for the last 30 years.

- Distributor in Bhopal, (M.P.)

CROWN team is very ethical, and the company works with full transparency. Product quality is consistent and first class throughout last 9 years of my dealing. Our retailers and electricians are always very satisfied. Contractors also always ask for CROWN. The company is very supportive. Our sales increased 350% in 3 years after we associated with CROWN.

- Dealer in Vidarbha, (Maharashtra)

CONDUIT PIPES

CROWN PVC Rigid Electrical Conduit Pipe is one of our flagship products. It is known for its flexibility, strength and the ability to stand extreme impact. The product is designed as a conduit for under wall and under ceiling electrical wiring. Each pipe comes with a self-fitting socket at one end. The pipes undergo extreme testing to withstand all weather conditions.

Features

- High Flexibility
- High Pressure resistance
- Full Length pipes
- Unaffected by weather conditions

Sizes	Bundle Size (LMS)	Bundle Size (MMS)	Bundle Size (HMS)

CASING-N-CAPING

CROWN PVC Casing-N-Caping is a wire ducting accessory used to enclose and protect unconcealed wiring. Colloquially it is also known as Casing Patti, Cable Ducting and Cable Trunking. It comes with a single and double lock mechanism which enables quick installations and adds extra wire holding capacity. The Casing Caping comes with a matt finish to make it easy to paint.

Features

- Pure White Colour
- Double Lock
- High Flexibility

Sizes	Bundle Size (Lite)	Bundle Size (Deluxe)
20mm	200	200
25mm	100	100
32mm	100	100

FLEXIBLE CORRUGATED PIPES

Flexible Corrugated pipes are lightweight, flexible pipes made as conduit for open wiring. They are made with a semi rigid material to maintain a perfect balance between rigidity and flexibility. They have excellent flexibility with high ring stiffness for greater resistance to crushing.

Features

- Resistant to crack folds
- High Flexibility
- Smooth surface

Sizes	Packing (meter)	Master Pack (meter)
20mm	25m roll	500m (20x25m roll)
25mm	25m roll	375m (15x25m roll)
32mm	25m roll	250m (10x25m roll)
40mm	20m roll	200m (10x20m roll)
